

The City of Seward Small Boat Harbor is Planning and Expanding!

The City of Seward Small Boat Harbor and their consultant, Tryck Nyman Hayes, Inc., are looking for input during a master planning effort for the City of Seward harbor area.

How can the City of Seward small boat harbor work for our customers, visitors and business owners? How can we best plan for the future? What needs to be done first? We want to hear from YOU.

The Schematic Design phase of the harbor expansion Master Plan is nearing completion. You are invited to an open house meeting to view and discuss with the project team the plan that has been developed, approved by the Ports And Commerce Advisory Board (PACAB), and is being considered by the Seward City Council. Your comments helped shape this plan and now we'd like to hear what you think of it.

Open House Public Meeting

Wednesday, April 23, 2003

6:30 p.m. to 8:30 p.m.

Rogers Park Elementary School
Multipurpose Room
1400 Northern Lights Blvd., Anchorage

Can't make it to the meeting?
